

# Student Community Center

**Project:** The Lodge/Student Center  
**Size/Cost:** 4,000 SF  
**Services:** Design & CD/CA  
**Architect:** Nilsson + Associates Architects

*The grand, central hall has a high volume space topped by handmade timber scissor trusses and exposed wood roof deck*

**Flexible, Multi-Function Student Social Space**

## Student Community

**Center** is designed to provide large informal community gatherings and multi-function space for 250 Endicott students, including a large, commercial kitchen. The grand, central hall has a double volume space framed with handmade timber scissor trusses and exposed wood decking. A central hearth provides warmth and a central focus. A large, open floor plan with a mezzanine level, multiple convenience and tel/data ports allows for many different kinds of uses. Nilsson +

Associates Architects provided full Architectural Design, Construction Documents and Contract Administration Services for the Student Center.
